1947 PRICE LIST

Notice—Please Read

GREETINGS:

It is with great pleasure we send you our 1947 Catalog. Offering you the leading Dahlias of American and Foreign Varieties.

The new 1947 Introductions have been selected by the score they made in Trial Gardens and Show Rooms.

In addition to our Dahlias we also offer Hardy Chrysanthemums, Perennials, Gladiolus and other small plants.

We did not issue a 1946 Catalog because the lack of help, however this year we are fortunate to have one of our sons discharged from the Armed Service and now associated with us in business. After serving 21 months in Europe he returned last Spring. He and his Belgian bride will be great helpers in our work.

Send your orders in as early as possible so we can reserve your wants. Our stock is still limited but will do all we can to complete your order.

Specify when you want your order sent, or we will ship it at proper planting time.

Thanks to all our customers for their past orders and I hope we may have the pleasure of supplying your needs for 1947. Wishing you a successful 1947 Dahlia and Flower Year.

Visitors Welcomed

Any time you are in our vicinity, please pay us a visit. We will be glad to meet you and show you our gardens, nursery and greenhouses. Blooming season for Dahlias and Chrysanthemums are from September until killing frost. Many new introductions will be included in this year's planting.

Future Catalog Request

If we do not have on file an order from you in the last three years you are automatically dropped from our mailing list. However we are glad to mail you our list if you will only request same. This is done to save catalogs as many changes are made in a period of three years and you may not be interested in them any longer.

Therefore we use this method to keep our files up to date with interested flower growers. Thanks.

This list cancels all former price lists and orders will be filled only from this list. So do not order from other lists.

Special Plant Information

Dahlia plants are very satisfactory in regards to bloom and root production and do not cost as much as roots. Plants are developed from selected roots, grown in the greenhouse in clay pots, then shifted outdoors to harden off for more sturdy plants. You can't go wrong using Dahlia plants.

On all orders for dahlia plants, 25c extra must be sent to cover special handling charges. No C. O. D. order on plants unless 50% of the amount of the order is sent at the time the order is made.

Varieties Not Listed

If you are wanting a variety not listed, please write, as we may have it. We do not have all our stock listed.

Also we will have other new introductions for 1947 that are not on our list.

Shipping Information

Orders are booked and filled in order received. Early ordering is advised while stock is complete.

All stock **STATE** inspected and sent to you in a growing condition. We guarantee all stock true to name. Anything proving otherwise will be replaced the following season.

Terms

All orders are cash, unless otherwise arranged. If it is desired to have a shipment made C. O. D., then a deposit of 25 per cent of the order must be sent. Postage must be included on orders under \$3.00.

Notice

"Mother's Day" comes on May 11 so why not send her a lasting gift of Dahlias or other flower plants. On orders for "Mothers Day Gift" we will include a Mother's Day Card.

Classification Of Dahlias

- (F. D.)—Formal Decorative.
- (I. D.)—Informal Decorative.
- (I. C.)—Incurved Cactus.
- (S. C.)—Semi-Cactus.
- (Min.)—Miniatures.
- (Pom.)—Pompon.
- (Ball)—Ball or Honey Comb Type.

Honor Roll And Standard Dahlias That Were Outstanding In 1946

The following varieties are of recent introductions and some of the older varieties that are still good. On some of the older varieties the description is brief, while on the later introductions we have tried to give a little more information.

- All American (S. C. 1941)**—Mulberry rose suffused salmon with wax yellow at base of petals. The petals twist somewhat and point in all directions. Very outstanding ----- **Plants Only \$1.00**
- Alice May (I. D.)**—This novelty is from Australia and considered a White Lord of Autumn. A pure waxy white. Stems perfect.----- **Plants Only 75c**
- Alice De Ruyter (Dec.)**—A deep wine red with a purple glow in center. This is a foreign dahlia and worthy of growing ----- **Plants 50c**
- Axford Triumph (I. D.)**—A vigorous growing dahlia with large deep golden orange blooms. Good stems and good for exhibition. This one is an Australian introduction ----- **Plants \$1.00**
- Baker's Best (I. D. 1943)**—Lemon yellow bloom of 10 inch size with good stems ----- **Plants \$1.00**
- Bataan (S. C. 1943)**—Red cactus with petals tipped gold. Good grower ----- **Plants 75c**
- Bessie Smith (I. D. 1943)**—Pure white. Stems long and strong. Extra good ----- **Plants \$1.00**
- Begonia Rose (F. D.)**—Extra long stem cut flower with a Raspberry Rose color. Has four certificates to its credit ----- **Plants 75c**
- Blue River (F. D.)**—Blue French violet. The nearest to a blue dahlia. New and good. Special price ----- **Plants 50c**
- Black Monarch (S. C.)**—A beautiful dark red color, strong stems and a good vigorous grower. A good exhibition variety ----- **Plants \$1.50**
- Blue Horizon (I. D.)**—French violet color of good depth and size. Free bloomer ----- **Plants \$1.00**
- Blue Rose (F. D.)**—Light pastel lavender-pink on good stems. Extra heavy foliage ----- **Plants 75c**
- Buckeye Baby (Min.)**—Lovely miniature of gold and and apricot shades. Fine for cutting ---- **Roots 60c**
- Buckeye King (I. D.)**—A giant informal of pure rich gold. An older variety that still goes to the show room ----- **Plants \$1.00**
- Buckeye Peach (F. D.)**—A combination color of peach shades and yellow. Blooms are medium size making them very useful for cut flowers. ----- **Roots \$1.00**

- California Idol (I. D.)**—Clear bright yellow. Large blooms. A prize winner in any show. Sure to please any flower lover -----Plants 50c
- Charlotte Caldwell (Ball)**—Bright apricot coral color. Strong stems with healthy foliage. Roots 50c
- Chautauqua Giant (F. D.)**—Golden yellow of fine formation and large size -----Plants 75c
- Cherokee Brave (I. D.)**—Gigantic oxblood red. Fine form with excellent stems. A real prize winner. Does well in the sun -----Plants 50c
- Clara Carder (I. D.)**—Rose pink, on medium size blooms -----Roots 50c
- Class (F. D.) 1941**—Sulphur yellow formal, with giant blooms which have been grown to 15½ inches. Under ordinary conditions it will average 10 and 11 inch blooms. Bushes are rugged and of medium height -----Plants \$1.00
- Colin Kelly Jr. (I. D. 1943)**—Phlox-pink to lavender. Large blooms 12 to 14 inches in diameter. Rated on three Honor Rolls -----Plants \$1.00
- Col. Rudd (I. D. 1943)**—Carmine red with mahogany red center. Giant blooms -----Plants \$1.00
- Col. Little (I. D.)**—Beautiful blend of flame scarlet and orange scarlet with lemon yellow reverse. Curly twisting petals that are deeply notched. -----Plants \$2.00
- Clariam Kelton (I. D.)**—Brick red with yellow shadings, which shows on the face of the flowers as the petals curl and twist -----Plants \$1.50
- Columbia (S. C.)**—Color deep gold with a peach pink blending. Has made a good record in the past season in the shows. Blooms range from 12 to 16 inches by 8 to 10 inches depth -----Plants \$1.00
- Commodore (Dec.)**—Brilliant yellow blooms of giant size -----Roots 75c
- Crowning Glory (Inc.)**—Truly a beautiful Dahlia with large blooms of artistic formation. Color is rose pink with a cream center. A 1941 introduction. -----Plants \$1.00
- Commando (F. D. 1943)**—Phlox purple with blooms 10 to 12 inches in diameter. Some descriptions are a clear lavender -----Plants \$1.00
- Confuscious (S. C.)**—Chinese red. Early and free bloomer. Good -----Plants \$1.00
- Dahliamum (I. D.)**—Similar to a huge chrysanthemum of bright cadmium apricot with a golden sheen. The extra long petals recurve to the stem. Bloom of giant size 12 by 10 -----Plants only 50c
- *Darcy Sainsbury (I. D.)**—This Australian variety is a fine white with good size and formation. -----Plants 50c
- D-Day (F. D.)**—One-tone bright pink on cane like stems. A vigorous grower and fine for florists' use -----Plants \$2.00
- Discovery (I. D.)**—Large shaggy royal purple. Rich looking and good foliage -----Plants 50c
- Dixie Wine Dot (I. D. 1943)**—A variegated white splashed with wine color. Blooms can be grown to twelve inches in diameter -----Plants 75c
- Dorothy Lamour (C.)**—A beautiful large cactus of the brightest orange imaginable -----Plants 75c
- Double Duty (F. D.)**—Color a very deep pink globular flowers on long strong stems. Blooms early and free-branching with natural long stems. -----Plants \$1.00
- Edgar Guest (I. D.)**—A beautiful yellow on long stiff stems of good length. Very fine for cut flowers. -----Plants 75c
- Edith Wilkie (S. C.)**—A pure white Semi-Cactus Dahlia which grows to 14 inches by 10 inches. The greatest white dahlia that will be a leader in show room -----Plants \$1.50

- Enchantres (S. C.)**—Bright orange buff with slight rose coloring. Good stems ----- **Plants \$1.00**
- Essie Smith (S. C.)**—A borderline between lavender and pink and will probably be shown in both color classes. It's on the mallow-purple amaranth-pink order. Every petal curls to a point. Very large 12 by 6½ inch bloom. Stems strong, holds flower facing side and up. On Three Honor Rolls.
Plants \$1.00
- Esplendido (I. C. 1943)**—Soft reddish pink. Bushes tall and strong. Stems good. A grand flower.
Plants \$1.00
- Evelyn Chandler ((S. C.)**—Large bright gold of rare color. A straight petaled semi-cactus which has been called a Gold Satan. Size of blooms 10 to 13 inches by 6 to 7 inches deep. A 1940 introduction.
Plants \$1.00
- Eventide (I. D.)**—Deep violet-purple with staghorn petal formation. Sturdy stems ----- **Plants 75c**
- Figaro (S. C.)**—Golden-yellow flecked and streaked red. The flowers are very large and most striking in appearance ----- **Plants 75c**
- Five Star General (F. D.)**—A very large formal blend of Amaranth pink blushing to Tyrian pink and shading to maize yellow toward the center. 1946 Introduction ----- **Plants \$2.50**
- Flaming Glory (I. D.)**—Color a mixture of deep red and purplish red with reverse of light red. Petals and petaloids which are colored white and purple in stripes make it full and interesting. Blooms 13 by 8½. Heavy dark and healthy foliage. On Three Honor Rolls ----- **Plants \$1.50**
- Florists' Beauty (F. D.)**—A 1946 introduction that was really good. Amaranth purple with fine white tips. Pointed petals. Medium size blooms held on perfect stems. On Honor Roll ----- **Plants \$1.50**
- Francis Hamilton Archer (Giant Ball)**—This is a 1946 introduction that is very outstanding in its class. A giant ball dahlia that grows to 6 inches in diameter with ordinary culture. Color is a beautiful lavender violet. On Honor Roll
Plants \$2.50
- Freckles (I. D.)**—Yellow blooms with splashes of red through the petals ----- **Plants 50c**
- Freda George (I. D.)**—From Australia. A blend of sulphury white tipped and suffused violet rose. Uniform blooms ----- **Plants 50c**
- Fred Springer (I. D.)**—In the 4 to 5 inch size blooms. A scarlet red with fine cutleaf foliage -- **Plants 50c**
- Gaylord Ballay**—Informal Decorative, of good clear white blooms. Certainly could go to the show room and get the Blue Ribbon ----- **Plants \$1.00**
- Gertrude Lawrence (I. D.)**—Light cerise to water-melon red on long stiff stems. One of the big ones.
Plants 75c
- General John J. Pershing (S. C.)**—This is a sport of that ever prize winning dahlia Virginia Rute. Color is a new shade of coral and jasper red with chrome flush. There appear some lines of violet on the petals. Listed on two Honor Rolls of 1944.
Plants \$1.00
- Glamour (I. D.)**—An immense true purple with each petal edged amaranth pink. Long strong stems. Has been grown to 14 inches. Very outstanding.
Plants 75c
- Gloria Bacher (I. D.)**—Dark rich wine purple on cane like stems. A beautiful dahlia ----- **Plants 75c**
- Golden Beauty (I. D.)**—Golden apricot color and blooms 8 to 10 inch size. Very good ---- **Plants 75c**
- Golden City (F. D.)**—A fine bi-color of scarlet penciled on golden yellow. Blooms very early. A good variety for cutting ----- **Plants \$1.00**
- Greater Glory (S. C.)**—A deep rose pink with light yellow shadings at center. Excellent formation and a consistent winner in the shows. **Plants \$1.00**

Great Harbor (I. D.)—Rather old variety but always in demand. A deep red color, and good foliage.

Plants 75c

Halley's Comet (S. C.)—A beautiful semi-cactus of rose red and yellow blended together. A 1946 introduction on Easter Honor Roll -----

Plants \$1.50

Haselerover (F. D.)—Lavender with flecks and spotted purple. Very unusual bi-color dahlia.

Plants 75c

Helen Hollis (F. D.)—An old timer but still popular with dahlia growers. Dark red. Good grower and good bloomer -----

Roots 50c

Hillside Sunset (I. D.)—Color is gold and bronze with each petal edged with rose red. A beautiful blended dahlia on long stiff stems. Can be grown to 12 inch size -----

Plants 75c

Hilda Fioretti (S. C.)—A real deep rose with apricot base and tips. Has good substance, cane like stems and marvelous branching habits. **Plants \$1.00**

Hunt's Velvet Wonder (I. D.)—The flowers are of deep rosy magenta blending into a true purple on good stems and dark green foliage ----

Plants 75c

Indian Giant (I. D. 1943)—A huge large petaled flower of apricot buff. Flowers easily grow over 12 inches across -----

Plants \$1.00

Indian Summer (S. C.)—Medium size blooms of golden yellow with soft orange suffusion --

Plants \$1.00

Ike (I. C.)—A wonderful cut flower on ideal stems. A red that everyone admires. 1946 introduction.

Plants \$1.50

Jane Cowl (I. D.)—This has been a long standby for cut flowers and is yet an excellent flower to grow. Blooms are 8 to 10 inch size and full petaled. Warm autumn bronze and gold. Good stems.

Roots 75c

Jane Lausche (S. C.)—An outstanding bi-color—in a new color combination of soft mellow purple with white tips. Scored 86 and winner of many achievement medals and on all 3 Honor Rolls. **Plants \$2.00**

Jean Trimbee (S. C.)—A bright petunia purple. Long petals that curl and twist. Tall and vigorous grower -----

Plants 75c

Jeep—A miniature Ball with a color blend of light pink flushed purple. Very useful for bouquet work. Especially good florist variety -----

Plants \$1.00

Jersey Beauty (F. D.)—This one is known to all and considered outstanding for the florist as a cut flower. A beautiful pink on good stems with nice formation of the petals -----

Roots 75c

Joan Ferenz (I. D.)—Creme-yellow with blush of spinel pink—the latter color being more noticeable towards the back third of the petals. Size 10 to 11 inches by 6 to 7 inches deep. Seedling of Jane Cowl. On Honor Roll -----

Plants \$1.50

Joan Phillips Jr. (I. D.)—A bi-color different than anything you've seen. In fact this dahlia is almost in a chrysanthemum formation. Blooms not the largest grown but of a size suitable for cut flowers. Size of blooms 7 to 8 inches. Color deep mallow pink, white tips. Petals have lacinated tips. On Honor Roll -----

Plants \$1.00

Josephine G. (I. D.)—A beautiful light pink with gold pointed petals. Good for cutting. Sturdy bush with flowers held well above the dense foliage.

Roots 75c

Judy Anderson (S. C.)—Deep garnet red with most flowers tipped white. A quick healthy grower that absolutely will not stunt. Heavy foliage long stems with blooms facing to the side. 1946 introduction -----

Plants \$2.50

Kentucky (F. D.)—A sport of Jersey Beauty with all its good qualities except the color which is a beautiful peach pink -----

Roots 75c

- Kentucky Sportsman (I. D.)**—An unusual bi-color dahlia. Color is lemon yellow at the center, outer petals golden amber tipped white, and an old rose reverse. Medium size blooms. Try this one.
Plants 75c
- Kentucky Sun (F. D.)**—A large clear attractive yellow blooms on cane like stems. Good for exhibition.
Plants \$1.00
- Kirsten Flagstad (F. D.)**—Golden Autumn suffused apricot making it a very bright flower and quite artistic. Size of blooms 10 to 12 inches by 5 inches deep. On strong cane stems and dark foliage. On three Honor Rolls -----Plants \$1.50
- Lakeside Ann (Cac.)**—Pale lemon yellow with orange at outer petals. Profuse bloomer and excellent keeper. 1946 introduction and on Eastern Honor Roll -----Plants \$2.00
- Lakeside Beauty (F. D.)**—A blend of tyrian and amaranth pink with a cream center. 1946 Introduction and on two Honor Rolls. Great keeper and fine grower -----Plants \$3.00
- Lady In Red (S. C.)**—A bright scarlet red that is a good cut flower. Fine form as well as color for exhibiting. Excellent for cut flowers. Foliage a dark green -----Plants 75c
- Lemonade (Min. F. D.)**—Lemon-yellow. Petals pointed and flower has deeper yellow or greenish yellow at center -----Plants \$1.00
- Leah Pearl (F. D.)**—A medium sized flower of a pleasing shade of light pink and cream. Flowers are globular form, being classed sometimes as a ball dahlia. A fine cut flower -----Plants \$1.00
- L. C. K. (St. Cactus)**—Medium sized flowers of unusually bright apricot yellow with orange suffusion on outer petals. Excellent keeper and a florist's dahlia. 1945 Introduction ----Plants \$1.50
- Little Wisteria (Min.) (F. D.)**—Pale amaranth pink at ends of petals with pale phlox pink at base. Bright color and a very prolific bloomer.
Plants 75c
- Lucky (S. C.)**—A bright red cactus. Ideal for cut-flower work. Blooms held facing on stiff wiry stems. Starts blooming early and continues throughout the season -----Plants \$1.00
- Luzon (St. C.)**—Clear purple, to a deep lavender. Quite profuse bloomer. Good grower. Uniform flowers of 7 inch size -----Plants \$1.50
- Lois Walcher (F. D.)**—An outstanding 1939 dahlia and regarded as the leader of all 1939 introductions. Color is deep Amaranth to pansy purple with the outer one-third petals a clear white. There is no blending of the two colors, each breaking sharply into the other -----Plants \$1.00
- Lord of Autumn (I. D.)**—Deep golden yellow. Exceptionally beautiful -----Plants 75c
- Madam Albert Lebrum (I. D.)**—Brilliant and elegant flowers nicely carried on long stems. The color is a warm coppery orange at the points of the curled petals with a blend of purplish pink. This is a French dahlia -----Plants \$1.00
- Mme. Chiang Kai-Shek (I. D.)**—A blend of rose red and buff giving brilliant color and useful. The petals are unusually wavy. Size of bloom 9 by 5 inches. Stems long and erect with blooms well out of the foliage. On Honor Roll -----Plants \$1.00
- Maffie (I. D.) 1940**—Massive blooms of intense red having perfect formation. Blooms have reached a size of 13 inches and held on long stems. Has won many ribbons -----Plants \$1.00
- Marie (Dec.)**—A dainty pink of the most vigorous habits and a big root maker. Size 4 to 5 inches. Useful for cutting -----Plants 50c
- Mavis Tierney (F. D.)**—Blood red. Immense size blooms on good stems. The color is beautiful and attracts attention both in the garden and show room -----Plants \$1.00
- Michigan White (S. C.)**—A fine white cut flower dahlia. Flowers run from 5 to 8 inches in size. Early and continuous bloomer -----Plants 75c

- Milton J. Cross (I. D.)**—An immense flower of rich yellow buff, the outer petals flushed with a rosy amber. Long, stiff stems ----- **Plants 75c**
- Miss Ohio (I. C.)**—Lilac suffused deep rose pink. Centers always full. Blooms profusely from early until frost ----- **Plants 50c**
- Miss San Diego (I. C.)**—Incurved cactus of artistic formation. Tyrian pink with thread-like markings on yellow center petals. Petals deeply lacinated at tips. A great winner. On three Honor Rolls and 1946 Introduction ----- **Plants \$2.50**
- Monarch (F. D.)**—A nice oxblood red formal with the best of stems. Fine for a garden planting. ----- **Plants 75c**
- Monarch Of The East (I. D.)**—Warm gold with apricot and orange buff blend. Slightly coppery red on reverse. Size 10 to 12 inch blooms. ----- **Plants 50c**
- Montebello (I. D. 1943)**—Orchid crimson or violet red. Comes into bloom early. Fine stems. ----- **Plants 50c**
- Moon Goddess (F. D. 1943)**—Primrose yellow on long strong stems. Highly recommended ---- **Plants 50c**
- Morning Mist (Pom.)**—White with a rosy lavender center and petals edged lavender. Good stems. ----- **Roots 50c**
- Mother Koenig (I. D.)**—A large shrimp pink blending to yellow at the center. Blooms 10 to 12 inches in diameter. An early and free bloomer. ----- **Plants \$1.00**
- Mrs. Albin (F. D.)**—A true cut flower variety. Good stems. Clear yellow. Continues to bloom till frost. Very good ----- **Plants 50c**
- Mrs. Hester Pape (I. D.)**—A 1946 Introduction that was on all three Honor Rolls. A large reddish purple which has a velvet sheen. Blooms 12 inches wide by 4 to 6 inches depth. Sturdy grower. Will be hard to beat in any show ----- **Plants \$2.50**
- Mrs. E. J. (St. C.)**—Bright tyrian rose with white center and very lightly tipped white. 1946 Introduction ----- **Plants \$2.50**
- Mrs. Minnie Ring (Cac.)**—A cactus dahlia of exquisite beauty with 8 inch flowers on long stiff stems. Color is a beautiful shade of pink blending to cream at the center with the petals twisting and curling inward giving it the formation of a chrysanthemum ----- **Plants \$2.50**
- Mrs. Edison (F. D.)**—Deep rose red with rhodamine purple lined silver on the reverse. Blooms are quite large ----- **Plants \$1.00**
- Nellie Shee (Min.)**—A clear light lavender miniature with long strong stems, making it ideal for cut flower. Vigorous grower and very prolific. ----- **Plants 50c**
- Oakleigh Monarch (F. D.)**—A wonderful shade of blood red. Stems strong and erect. Plants are vigorous and a great number of flowers are produced throughout a long season ----- **Plants 50c**
- Ogden Reed (F. D.)**—Giant size blooms of 13x6 and bushes 6 ft. high. A blend of spinel pink, rose pink and touches of yellow. Center a deep rose. Blooms held facing on cane like stems. One of the best 1945 Introductions ----- **Plants \$2.00**
- Omar Khayam (F. D.)**—An unusual coloring of Chinese red shading to a bright orange. Good grower, healthy foliage ----- **Roots 50c**
- Orangeade (Min.)**—Lovely miniature formal of about 3 inches in size. The color is a scarlet blending to a golden outer edge. Very good. 1946 Introduction. On Honor Roll ----- **Plants \$1.00**
- Orange Flame (F. D.)**—Beautiful orange on the longest, strongest stems we have ever seen. This was one of the best varieties we grew in 1946 as a cut flower. Size of bloom 6 to 7 inches. Extra good for florists ----- **Plants \$1.50**
- Orchid Lady (Min.)**—Bright lilac or violet rose, wonderful for table decorations and small bouquets. Good grower, producing lots of blooms. ----- **Roots 50c**

- Pearl Harbor (I. D. 1943)**—A beautiful bi-color of rosy lavender flecked and splashed dark purple, which appears blood red. Named in memory of the tragedy at Pearl Harbor. Medium size blooms of 8 to 10 inch flower -----Plants \$1.00
- Peter (Min.)**—Orange cactus miniature that fills the need in this class -----Plants 75c
- Pink Mum (I. C.)**—Beautiful shaggy deep rose pink with perfect centers. Has the appearance of a huge chrysanthemum. 1946 Introduction and on Honor Roll -----Plants \$2.50
- Premier Majestic (I. D.)**—A blend of salmon and mulberry shading -----Plants 50c
- Queen City (F. D.)**—Ball type formation of flowers of scarlet pink. From early July till frost this will produce good cut flowers. Size 6x4, on four foot bushes -----Plants 50c
- Rita Wells (I. D.)**—Early flowers are a light salmon blending on a clear buff. The later blooms almost clear buff. Strong growing plants branch naturally and bloom in profusion. Highly recommended.
Plants 75c
- Rhythm (C.)**—Very light shell pink with a yellowish center. A lovely flower of exquisite beauty with serrated tips that just appeals to you. Really a charming dahlia -----Plants \$1.00
- Robert Ripley (I. D.)**—One of the largest varieties grown. Soft Rhodamine purple with deep rose pink suffusion throughout. Stems straight and strong and flowers keep well. A great dahlia in the show room and in the garden -----Plants \$1.00
- Roselyn Straight (S. C.)**—Apricot yellow shaded and streaked scarlet red. Very tips of petals lemon yellow. A beautiful combination. Size 10 inches by
Plants \$1.00
- Sarett's Pink Flamingo (I. C., S. C.)**—Shell pink with a yellow blending at the base. The blooms are beautifully formed with perfect centers. Size 10 by 5 inches. Strong stems. and a good grower.
Plants \$1.50
- Salmon Queen (I. D.)**—A 1946 Introduction of bronzy salmon flowers on long stems. Good healthy bushes and foliage. A prolific grower and fine cut flower variety -----Plants \$1.50
- Sgt. Williams (I. D.)**—A golden yellow sport of Glamour, with all the good habits and qualities of "Glamour" -----Plants \$1.50
- Sherwood's Peach**—Informal decorative of the giant show class. Blooms grown to 15 inches in diameter on heavy cane stems. Color is a blending of peach and buff -----Plants \$1.00
- Silver Glamour (I. D.)**—A 1946 Introduction that made a wonderful record. Giant rose magenta with each petal edged white and center of flower flushed white. Comes into bloom mid-season. Heavy insect resistant bushes. Long heavy stems that hold the blooms correctly----Plants \$5.00 net
- Sir Francis Drake (I. D. 1943)**—A huge flower of golden bronze shading deeper at the center. A dahlia of great size and good habits --Plants \$1.00
- Stephen Foster (I. C.)**—Buff yellow and orange lightly suffused with Tyrian rose on front and back of 10 to 12 inch blooms -----Plants \$1.00
- Southern Thorobred (S. C.)**—An enormous mauve lavender semi-cactus that has been grown to 15 inches across. The blooms are deep and shaggy and held facing on long stiff stems. Plants are tall with dark, glossy foliage. Very outstanding.
Plants \$1.00
- Sunburst (F. D.)**—A beautiful apricot buff color. Some blooms are a lighter color than others but the apricot buff persists in the flowers with a glistening sheen. Size of flower 7 to 10 inches. 1946 Introduction -----Plants \$2.00
- Susie (I. D.)**—Very prolific, pretty pink on long stems. Prolific grower and bloomer. Very desirable for cut flower purpose -----Plants \$2.50
- Tarawa (S. C.)**—A naturally large shaggy, purplish wine red. A good grower and one for the largest bloom class -----Plants \$1.50

- The Real Glory (F. D.)**—A pure waxy white of good size. Noted for its good keeping qualities. The flowers are well formed and are carried nicely on perfect stems. Highly recommended --Plants \$1.00
- Trojan (I. D.)**—Introduction of crimson red overlaid wax yellow with the yellow more pronounced on reverse of petals. The petals twist giving it an artistic form. Long strong stems -----Plants \$1.00
- Virginia Rute (I. D.)**—Rich oxblood red shaded garnet of neat formation. Petals are broad and rolled to a point at the tips. Bushes rugged and tall with blooms facing straight upon stiff heavy stems -----Plants 75c
- V-Day (I. D.)**—Lovely color of mulberry rose. Blooms large with good depth. Bush growth vigorous -----Plants \$1.00
- WAAC (F. D. 1943)**—A very large dahlia for the blend class. Bloom 10 by 5 inches. Color, pastel shades with cream center and pink outer petals. A sure winner for the blend classes ----Plants 75c
- Wanda Meade (I. D. 1943)**—Scarlet red evenly tipped pure white. A striking dahlia which has great possibilities as a cut flower. A clean grower with flowers of remarkable substance. Highly recommended -----Plants 75c
- Waves (I. D. 1943)**—Deep lilac suffused violet rose. A mid season bloomer with many petals twisted and incurved. Huge size -----Plants 75c
- Wings (S. C. 1943)**—Dark carmine, almost blood red, long strong stems. Early and free bloomer. Diameter of blooms 10 to 12 inches ----Plants 75c
- Yellow Gem (Pom.)**—Clear canary yellow pompon of perfect formation on splendid stems. Always dependable -----Roots 50c

Hardy Chrysanthemums

The following list of Hardy Chrysanthemums is the most up to date collection in America. This collection consists of the new 1947 varieties as well as some of the older varieties that have proved outstanding. This selection is strictly of the best in Chrysanthemums and will add to your garden a wealth of bloom in the fall from early September until heavy frosts kill the display. There are many types of Chrysanthemums from the low cushion mums suitable for rock gardens and borders to the long stemmed type for cut flowers.

These are strong, well rooted pot plants.

- Avalanche**—Large well formed double white flowers in great quantities. About the finest all 'round white Chrysanthemums -----Each 40c

- Harvest Moon**—Mound type bush that grows about 15 inches high. Completely covered with large pompon like blossoms of rich burnt orange. Another 1944 introduction -----Each 60c
- King Midas**—Extra early yellow double variety with good stems -----Each 40c
- Lavender Lady**—Full double blossoms of lovely pure lavender color. Has strong stems of flowers 3 inches or more in diameter. Excellent cut flower variety -----Each 40c
- Lavender Lassie**—Introduced in 1943 by Bristol Gardens and has been accepted with great appreciation as it offers a wealth of blooms. Color of "Lavender Lady" with pompon flowers 2 inches in diameter. Height 2 ft. -----Each 50c
- Little Eskimo**—This dainty little white beauty is a low spreading variety growing 12 to 15 inches high. Pure white ball-shaped flowers 1½ inches in diameter -----Each 75c
- Little Bob**—A new variety with the cushion type of growth. Low compact plants covered with button type brick red flowers. Height 1 ft. Creates attention by all who see it -----Each 35c
- Little Tom**—This is a sport of Little Bob with all the good habits of growth but has a distinctly different color. The color being a raspberry rose red. Lovely all around plant -----Each 50c
- Mandalay**—A new 1944 introduction by Bristol Gardens. It is a shapely plant of medium height with brilliant orange bronze flowers. Ideal for cutting or for garden color -----Each 60c
- Marjorie Mills**—New cushion variety in varying tints and colors. Deep crimson when opening shaded burnished chestnut crimson, later becoming suffused with rose and bronze tints. Height 20 inches. -----Each 50c
- Milky Way**—Semi-double white flowers with broad overlapping petals. The open blooms are 3 inches across. Strong plant that grows 2½ ft. high. -----Each 40c
- M. J. Costello**—New 1944 variety of golden yellow at margins, reddish gold at center, nearly fully double 2½ inch flowers. Height 2 ft. Very good. -----Each 40c
- Mrs. Harrison**—Pompon type for cut flower purpose. Pale pink with creamy center -----Each 35c
- Mrs. Pierre S. DuPont III**—A beautiful blend of rosy salmon, peach-pink and fawn color. A glorious cut flower with full double blooms on long stems. Very attractive -----Each 40c
- Peach Blow**—A glorious blending of salmon pink fawn bronze in the single type variety. Heavy bloomer and husky grower -----Each 40c
- Philadelphia**—Early deep rose of the pompon type. -----Each 50c
- Pink Doty**—Clear pink on good stems -----Each 50c
- Purple Jewel**—A tall, stately variety with great sprays of lovely amaranth-purple flowers much larger than the regular Jewel type -----Each 50c
- Purple Star**—Flowers are semi-double, 2 inches across. Color bright dahlia-purple -----Each 50c

- Silver Moon**—Produces flowers on 2½ ft. stems from September till frost. Gleaming white with a yellow center. Semi-double type. Extra --Each 40c
- September Bronze**—Blossoms cover plants from September until frost. Golden bronze color --Each 40c
- September Cloud**—Ball like blossoms of ivory-white with soft primrose shading in center considered the best white pompon type -----Each 40c
- September Gold**—Brilliant golden yellow blossoms trim and neat. Twenty-five or more on a spray. Blooms in mid-September. Height 18 inches. Each 40c
- September Dawn**—The first really good double pink. Flowers are about 3 inches across. Free flowering. Height 2 feet -----Each 50c
- September Cheer**—Semi-double flowers of a rich cherry red. Very attractive -----Each 50c
- Stalwart**—Double, golden bronze blooms of pompon form—1¼ inches in diameter, borne in full clusters at the ends of the branches. Petals short, stiff and overlapping. The plant is upright, 1½ to 2 ft. tall. Excellent for border and as cut flowers. Each 50c
- Tussore**—Single uniform clear shell-pink 2 to 2½ inch flower. Upright, 18 to 20 inch plant, profusely branched above and extremely free flowering. Begins blooming early. Very attractive ----Each 50c
- White Cloud**—White double blooms on good stems. Very valuable because double white Hardy Chrysanthemums are scarce -----Each 50c
- White Doty**—Pompon type for cut flower purpose. One of the early ones -----Each 40c
- White Irene**—Pompon type but growth is more cushion type. Although a dwarf grower it has its place in the border or rock garden -----Each 35c
- White Knight**—One of the new introductions that has double 3 inch blooms of pure white with a slight tinge of cream at the center. Starts to bloom early in September -----Each 40c
- Yellow Irene**—Identical to White Irene except a lovely golden yellow -----Each 35c

NEW SPOON CHRYSANTHEMUMS

These are a new race in the Chrysanthemums which is entirely different from the other types. The long tubular petals flatten at the tips so that each represents a miniature spoon. These were first introduced in 1940.

- Red Spoon**—Beautiful golden yellow.
- Jasper Spoon**—Bronze and red combination.
- Orchid Spoon**—Light pinkish lilac.
- Pink Spoon**—Beautiful baby pink.
- White Spoon**—White with a creamy center.
- Yellow Spoon**—Brilliant yellow.

Any above varieties 50c each, 6 for \$2.00. These are strong plants and will bloom this fall.

CUSHION CHRYSANTHEMUMS

These are the most popular of the dwarf Chrysanthemums. Growing about 18 inches high and producing hundreds of blooms. The following are the latest introduction.

- Champion Cushion**—A reddish deep bronze. The flowers and growing habits are of a perfect cushion type.
- Commander Cushion**—Red daisy-like flowers with bright yellow center. A very desirable plant for the perennial border.
- Gold Cushion**—Deep golden yellow.
- Major Cushion**—A valuable addition to the Cushion family. Bright salmon-pink flowers making a noticeable plant among other varieties.

The above are varieties we can supply in strong pot plants to bloom this fall. Each 40c, 6 for \$2.00, one dozen \$4.00.

THE STANDARD CUSHION CHRYSANTHEMUMS

These are the older varieties that have been popular for a number of years and still in great demand. Colors: **PINK, WHITE, YELLOW, BRONZE** and **RED**. Strong plants each 25c, two plants each (ten in all) \$2.00.

New English Chrysanthemums

The following are a new race of Chrysanthemums from England and are very outstanding and different from the average garden type. They rank next to the type that are greenhouse grown. If you are looking for something new and unusual be sure and try these. They are as hardy as other garden varieties and grown with the same kind of care. We have grown these for 3 years. Our stock is limited but will offer a few plants of the following varieties so others can try them and enjoy their beauty. When ordering please make a second choice or permit us to substitute a variety.

All plants are labeled. Strong potted plants 75c each, 6 for \$4.00. Special Offer—15 plants (labeled) our selection \$8.00.

Buttercup—Very large incurved golden yellow. Grand disbudded or grown in sprays.

Bronze Early Buttercup—Rich deep bronze with golden buff reverse. A fine incurved variety. One of the finest early variety ever raised. Should be disbudded.

Bronze Freda—A lovely bronzy salmon variety that is extra fine for table decorations. Petals of quilled formation. Starts blooming early and blooms over quite a period of time.

Belle Mauve—A lovely stiff stemmed silvery pink. It disbuds well and is also lovely grown in sprays. Gives a great wealth of cut flowers and fine for commercial cutting.

Border White—Blooms similar to a pompon dahlia but larger. Very free flowering.

Challenger—A very nice bright bronzy red with good strong stems. If disbudded makes an extra large bloom 6 inches across. Nice in sprays too.

Coppelia—This is quite a new shade—a bright Indian red—very startling and does not fade with age. Fine, strong stiff stems that grow lovely in sprays. Stock limited.

Crimson Buttercup—An exceptionally fine variety identical with Bronze Early Buttercup except the reverse of the petals are crimson. You'll love this one.

Conqueror—A lovely rich crimson. A variety that is very lovely either disbudded or in sprays. Will grow 6 inches if disbudded. Tall, stiff stems.

Carnival—Bright scarlet red. Truly a showy variety well named. Good size flowers.

Early Ace—A large perfectly incurving bloom. Color golden chestnut with strong stems. Good.

Elite—Light cerise pink with a touch of yellow in the center. Lasting bloom formed of rolled spiky petals. A variety of great merit and stands all weather. A fine commercial cut flower variety.

Freda—A beautiful bright silvery mauve-pink, very lovely for cutting. May be disbudded but equally good grown in sprays. Makes a great wealth of flowers and very resistant to frosts. One of the loveliest varieties that we have ever grown. Everybody should have Freda, Salmon Freda, and Bronze Freda.

Golden Dome—A golden yellow slightly overlaid orange bronze. A fine incurved type.

Gold Standard—This is a true early disbudding variety. The color is as deep as it is possible to get in yellow, with broad florets. Does not fade in sun or rain. May be grown up to 7 inches across. Recommended to early exhibitors.

Gladiator—Very rich chestnut red; one of the finest of its color yet raised. Good disbudded or in sprays.

Hillcrest Red—This flower is of striking quality. Rich velvety shade of crimson scarlet with gold reverse. On long stems with good foliage. Makes a flower 6 inches across when well disbudded.

Hillcrest Yellow—An extra fine richly colored variety. Extra large flowers when disbudded, slightly incurving and of great substance. Tall stiff stems. Winner of several awards.

Indiana—A rich velvety crimson, shading darker toward the center—a really lovely color; long stems. The real type of market flower; 5½ inches across, reflexing, 3 ft.

Jean Harlow—A bright golden yellow with semi-incurved form.

Memnon—A large flat bloom of beautiful crimson scarlet. Winner of several awards. Very lovely.

Meridian—A fine salmon rose pink; blooms 5 to 6 inches across, petals pointed at the tips, slightly reflexing.

Mrs. J. Findlay—Bright yellow. Grows to 6 inches when disbudded.

Primrose—An immense primrose yellow with incurving petals. By all means you should have this lovely variety.

Pink Reward—A bright rose pink, small foliage and reflexing flowers, 4 to 5 inches across.

Rose Princess—An excellent variety, one of the best in recent years. Fine variety either disbudded or in sprays. Nice long stiff stems. Salmon rose with a basal blush of gold. Not as early as some of the others, thereby lengthening the blooming season.

Reveller—Bright chestnut red of good substance. Real market type on long stems. Stands the sun well.

Sandy Richie—Rich brown crimson with clear golden reverse. The inner petals incurve and the outer petals reflex. Showing a bright contrast of crimson and gold. Beautiful.

Sybil—Large lavender pink. Stiff stems. Good disbudded or grown in sprays. Early bloomer.

Salmon Freda—A beautiful sport from the well known Pink Freda. Same habits.

Tiger—Large full crimson flowers with rolled petals. Extra good. After the crimson bloom is out a while it changes through all shades of bronze to bright yellow, making several color shades all on the same bush and all in perfect condition giving the bush a truly striking appearance.

Vulcan—Solid bright crimson, lovely shaped flowers of 3 to 4 inches across. Blooms mid September.

Westbourne—A rich dark red of good form. The darkest red we grow. Good strong stiff stems and strong florets that stand the weather well. Would say that you must have it as it is a very distinctive color and variety. Very attractive. Stock limited.

Special Chrysanthemum Offer

We will send you a special collection of Chrysanthemum plants—of English and hardy varieties that would cost from \$12.00 to \$16.00 if bought separately.

All plants are labeled. No two alike but of our own selection.

15 English "Mums," 15 Hardy "Mums"—
30 plants \$12.00

Cannas

Apricot—Green foliage and salmon pink flowers.

City of Portland—Lovely Pink.

Red King Humpert—Orange scarlet with bronze foliage.

Yellow King Humpert—Yellow with red spots. Green foliage.

The President—Large rich scarlet flowers.

Rosemond Cole—Orange red blooms each margined yellow.

Strong Roots 20c each, 6 for 90c or \$1.50 per dozen

Gladiolus

The demand for gladiolus in 1945 and 1946 was greater than ever so we are offering some additional varieties as well as those already listed. We are listing a number of them that are extra fine and are those that are seen in the Gladiolus Shows. Don't fail to try a few of the newer ones and see the difference.

NEW VARIETIES FOR 1947

Price for 1 dozen \$1.50 — 8 dozen for \$10.00.

- Aladdin**—Large beautifully ruffled deep salmon with cream blotches. Should be planted early to make longer spikes.
- Algonquin**—Brilliant glowing scarlet with large wide open blooms. One of the very best scarlets.
- Barcarole**—Heavily ruffled large orange that opens up to 6 well placed blooms.
- Black Opal**—Magnificent tall deep red. Fine show flower.
- Blue Beauty**—One of the heaviest and largest of the light blue.
- Blaze**—Light scarlet. Good placement of florets on good stems.
- Berty Snow**—Delicate orchid pink.
- Corona**—Lovely pink with rose picotee edge. Distinctive and beautiful.
- Ethel Cave Cole**—A large light pink that make a fine cut flower as well as an exhibition spike. Strong husky grower.
- Fair Angel**—A fine ruffled cream shading to a deeper cream throat. A tall growing variety that opens about 6 florets on slender stems.
- King Lear**—Very tall ruffled luxurious reddish purple, bordered with a fine silver line on edge of petals. Excellent grower.
- Margaret Beaton**—A rich milky white with a tiny spark of vermillion deep in the throat. Reminds one of those beautiful white phlox with a pink eye. Spikes are tall.
- Moravian**—Ruffled dainty lavender with purple penciling.
- Minuet**—Large uniform clear lavender that is always in demand.
- Orange Princess**—Pure salmon orange. Slightly ruffled. Beautiful.
- Paradise**—An unusual apricot buff color, with a yellow throat.
- Peggy Lou**—Deep shrimp pink with an overcoat of rose, giving it a waxy appearance. Florets are large and placements good.
- Phyllis McQuiston**—Another beautiful deep pink that is always in demand and a winner in the show rooms.
- Red Lightning**—Beautiful bright red with cream blotches in the throat.
- Rewi Fallu**—Large blood red. Florets extra large.
- Ruffled Beauty**—Light yellow of unusual personality and ruffling. Opens several blooms on a medium length stem. Lovely for floral pieces.
- Snow Princess**—A creamy white that is an improved Maid of Orleans, being purer in color and more uniform. Very strong grower.
- Surfside**—Tall ruffled white with slight pencil markings in throat. Vigorous grower and is a favorite for commercial growing or for shows.
- Vagabond Prince**—Gorgeous mahogany brown with a flame blotch in throat. Very odd.
- Wanda**—A cream sport of Picardy that is fast becoming popular.

THE FOLLOWING ARE OLDER VARIETIES BUT STILL ARE GOOD GENERAL CUT FLOWER PURPOSE

Price per dozen \$1.00—6 dozen for \$5.00

- Bagdad**—Tall grower with large florets of a smoky rose. One of the later ones to bloom.
- Beacon**—Very attractive red blooms with a golden throat. Has been a choice among growers.
- Betty Nuthall**—Lovely coral peach with good placement of flowers on straight stems. Ranks top in its class.
- Debonaire**—A good pink with some blooms splashed with deeper markings.

Dr. Bennett—Bright red.

Early Melody—One of the first to bloom. Flowers are of a pinkish lavender color.

Early Peach—We count on this one as the first one to go to the cut flower market. It's a lovely peach color on long stems. We like this one very much.

Excellance—Dark red.

Gate of Heaven—Tall growing yellow.

Maid of Orleans—Lovely pure snow white.

New Era—La France rose pink.

Picardy—This is a favorite with every florist and wholesale house. The demand for this one is great. Color is a medium rose pink with large florets.

Primate—Golden yellow.

Rosa Van Lima—One of the newer varieties. Color a bright pink with a lighter throat.

Token—Red with a salmon throat.

Yellow Beauty—Frilled petals of a primrose yellow. Large florets.

New And Outstanding Perennials

For lasting beauty in your garden from early spring till freezing weather be sure and grow some perennials. Since there is such a range of plants one is sure to find the kind and type you like best.

Aquilegias (Scott-Elliott Hybrids)—Long spurred variety in two-toned combination and solid colors. Useful for cutting ----- Each 20c, 6 for \$1.00

Anchusa-Myosotidiflora—A lovely plant that blooms in May and June with blue forget-me-not flowers. Good for shady places ----- Each Plant 50c

Astilbe Fanal—Lovely plants that grow 20 to 24 inches tall. Flowers are spire-shaped sprays of the most fiery crimson color. Foliage is a lark bronzy green. Plant in rich, moisture-retaining soil in semi shade or full sun. This is a new variety.

Strong Plants 75c Each

Hardy Asters

Fall Blooming and Tall Growing Varieties

Aster-Frikari, Wonder of Staefa—Branching plants of about 2 ft. high. Flowers are lavender blue with a gold center. Something extra for the perennial border ----- Each 50c

Beechwood Challenger—A new Aster with sturdy plants bearing masses of glowing crimson flowers. We consider this to be the finest red Aster to date ----- Each 50c

Blue Plume—A choice and showy Aster with almost double flowers of deep blue. Blooms are carried in stately spikes ----- Each 50c

Lavender Giant—A new introduction. Large lavender blue flowers completely covering the 3 foot plant in graceful sprays, making this variety ideal for cut flower use ----- Each 60c

Mount Everet—Pyramidal plants of snowy white flowers with yellow eyes. Beautiful in the garden or when cut ----- Each 50c

Pink Party—Masses of small light pink flowers on compact bushy plants ----- Each 50c

Violetta—The darkest Aster of lovely flowers of deep violet purple, new ----- Each 60c

Harrington's Pink—Flowers are perfectly flat and of clear soft pink in clusters. Continuously in bloom from early September until cut down by frost ----- Each 50c

OTHER POPULAR PERENNIALS

Asclepias Tuberaso—Numerous heads of bright orange flowers on 1½ to 2 ft. stems. Picking encourages the blooming ----- Each 35c

Artemisia—Silver King—Sometimes called Ghost Plant. Feathery foliage of frosted silver on a branching plant. Excellent for mixed bouquets, or in the perrial border. Can be dried for winter bouquet ----- Each 35c

- Artemisia—Lactifolia**—Tall growing perennial with cutleaf foliage with white plume like flowers, grows 4 to 5 ft. high. Flowers are good for filler in mixed bouquet ----- **Each 35c**
- Baptisia Australis or False Indigo**—A fine perennial for cut flowers. Dark blue lupine-like flowers. Grows about 3 feet high ----- **Each Plant 35c**
- Bleeding Hearts**—A long loved old fashion flower that was admired by our grandmothers.
Per Plant \$1.00
- Canterbury Bells**—Excellent plants for cut flowers. Mixed colors of blue, pink and white.
Each 15c, 2 for 25c
- Carnations**—Something all garden lovers need to help complete their flower planting. Mixed colors of pink, red and white ----- **Each 15c, 2 for 25c**
- Carnation Crimson King**—This is an excellent carnation and considered the best to date of outdoor carnations. Produces beautiful double crimson flowers on stems of 12 to 14 inches length. Will bloom practically through the summer if flowers are cut so new ones can develop. **Strong Plants 35c**
- Carnation—King of the Blacks**—Deepest maroon color and satiny black sheen. Large flowers and fragrant ----- **Each 35c**
- Coreopsis**—Hardy yellow perennial that makes a wealth of cut flowers for bouquet. Grows about 3 ft. These are a brilliant yellow color.
Each 25c; 6 for \$1.00
- Daisy—Esther Reed**—A new introduction to the daisy family. Flowers are pure white, and are completely double and produces flowers from June till frost. Stock limited ----- **Per Plant 50c**

- Daisy—Shasta Majestic**—Its immense flowers are real beauties, 4 to 5 inches in diameter with a small yellow center. Has a double row of straight and overlapping petals making the flowers full and compact giving it great value for floral designs and bouquets. Straight long stems for cutting ----- **Each 75c**
- Daisy—Marconi**—A novelty with extra large double flowers about 5 inches across on 2 ft. or more stems. Summer blooming ----- **Each 65c**
- Daisy—Mt. Shasta**—Full double white flowers of 3 to 4 inches in diameter with a high crested center on stems 18 to 24 inches. Blooms off and on all summer ----- **Each 65c**
- Daisy—Shasta Supreme**—Excellent large daisy. Not as early as White Swan but a good one to follow.
Strong Plants 40c
- Digitalis or Foxglove**—Flower heads over 3 feet long, with bell-shaped blossoms of mixed colors of white to dark rose with some being spotted.
Plants Each 20c, 3 for 50c
- Delphiniums**—The one perennial that should be in every hardy plant collection. Very outstanding for cut flower. In shades of blue.
Strong Plants 12 for \$2.00
- Gaillardia**—Yellow and gold ----- **Strong Plants 15c**
- Gypsophila—Bristol Fairy**—Produces large penicles of double white flowers. Can be dried for winter bouquet. One plant gives lot of cut flowers.
Strong Plants 75c
- Gypsophila—Bodgeri**—A new white dwarf plant of double flowers. It blooms about two weeks before Bristol Fairy. We have it in bloom for Memorial Day ----- **Strong Plants 50c**
- Gypsogila—Flamingo**—A new introduction equally as good as Bristol Fairy only this being pink in color. Double flowers and ideal for cutting. Stock of this variety is limited. Strong plants to bloom this season ----- **Each \$1.00**

Gypsophila Oldhamiana—Hardy perennial, producing wide open single light pink flower blooms from August to frost. First class for cutting.

Plants Each 40c

Gypsophila Paniculata—Numberless tiny white blooms completely hide the plant during flowering season. May be cut and dried for winter use.

Per Plant 25c

Gypsophila—Rosy Veil—Very similar to "Bodgeri" except the flowers are pink. An excellent companion with Bodgeri as the two make a variety in floral arrangements. Blooms in May and throughout the summer -----

Plants Each 50c

Heruchera—Rosamundi—(Coral Bells)—Foliage is heart shaped leaves with graceful flowers of a lovely shade of pink. Very dainty and graceful for small bouquets -----

Each 50c

Liatris or Kansas Gay Feather—A grand plant for cut flower work. Blooms are on stalks from 3 to 5 feet. The varieties are as follows:

Callilepis—A rich purple. Blooms in mid-season.

Each 20c

Scariosa—September Glory—Tall growing, purple flowers from top to bottom. Blooms in September.

Each 25c

Lillies—Regal—Tall spikes with white blooms tinged pink on the outside and yellow on the inside. Blooms in June and July. Perfectly hardy. Very fragrant -----

Strong Bulbs 50c

Lillies—Philippinense—A new white lily with a pale green throat. Blooms in August and until frost. Very sweet scented -----

Strong Bulbs 60c

Pentstemon—Firebird or Cherry Glow—An outstanding new introduction to add color to summer gardens. The individual ruby-crimson blooms are unusually large and the long spikes of blooms are especially attractive in bouquet. The past year this plant was in demand with all florists who saw it.

Each 50c, 3 for \$1.25

Pansies—Strong plants in assorted colors. Large size blooms -----

6 for 50c

Pyrethums or Painted Daisy—Mixed colors of red, pink and white -----

Per Plant 15c

Primula or Hardy Primrose—These little flowers are a welcome to the hardy spring flowers. Blooming early in April in a variety of shades of yellow, orange and dark mahogany colors. Height about 10 inches. These are good planted in among shrubbery for color effect -----

Plants Each 25c

Phlox Subulata—A creeping moss about 4 inches high that is desirable for rock gardens. Blooms early in the spring. A bright rose pink color.

Plants Each 20c

Sea Holly—Grows in fine lace like form with a profusion of misty purple-blue blossoms which may be cut and dried for winter bouquet. Grows about 18 inches high. Does well in poor soil.

Each 25c—5 for \$1.00

Stokesia—Rich green ornamental foliage with a clear azure-blue flower. Begins to bloom in July. Grows 12 to 15 inches high and flowers look like asters with finely divided petals.

Each 35c—3 for \$1.00

Statice Dumosa—A perennial that the cut flower is suitable for drying -----

Per Plant 20c

Statice Latifolia—Deep blue flowers that bloom in June to August. Can be used for winter bouquets.

Per Plant 20c

Sedum Spectable—Light green foliage and bloom of rose colored flowers. Grows about 18 inches high. Good for borders or rock gardens.-----

Per Plant 25c

Sedum Seboldi—The best of the sedum family. Foliage round and a beautiful blue gray color edged red. Flowers are pink. Blooms in August and September -----

Strong Plants 40c

Violas—In assorted colors of blue, yellow and purple. Violas are miniature pansies. Wonderful little rock garden plants.

Plants Each 15c, 6 for 75c, Per Dozen \$1.25

Hardy Summer Phlox

The hardy Phlox are becoming very popular in the perennial border. An increasing interest has been shown in recent years and many new varieties have been introduced.

Per Plant 35c

- American Beauty**—Clear deep pink flowers and panicles large.
- Africa**—A favorite deep red. Good grower. And sure heavy bloomer.
- Bridesmaid**—Pure white with red eye.
- Bright Eyes**—An attractive shade of lavender-pink with crimson centered florets. A sturdy grower of medium height.
- Chieftain**—A very deep crimson variety which does not fade or discolor in the sun. Very popular.
- Count Zeppelin**—Pure white with vermillion-red eye with no fading or suffusion of colors.
- Daily Sketch**—Salmon-pink with carmine centered florets. Tall grower.
- Hauptman Koehl**—Plants tall with large deep red flowers.
- Lillian**—Large panicles of pure pink flowers with slight shading of blue at center of florets. One of the most distinctive new Phlox ever introduced.
- Moonlight Dream**—Large pure white flowers of sturdy growth.
- Pink Charm**—Bright clear pink with a scarlet sheen. Many flowering branches, medium height.
- Prime Minister**—Clear pure white with brilliant red center.
- Starlight**—Beautiful pastel lavender-orchid color with white center marking. Large flower heads and florets. Strong grower.
- Thor**—Deep salmon-pink with a peculiar scarlet color tone. A prolific bloomer and strong grower.

Miscellaneous Plants

Tuberoses—Mexican single tuberoses that are highly recommended for cut flowers. Pure waxy white flowers and very fragrant. Not hardy.

Each 20c—3 for 50c

Tritonias or Red Hot Pokers—Sometimes called the torch flower. Very odd looking blooms of orange flame color on long stems. Suitable for cut flower work. Plants are hardy with winter protection.

25c Each, 5 for \$1.00

Caladium or Elephant Ears—Are for foliage display. They prefer partial shade and plenty of water. Not hardy. Dig them up in the fall and store like cannas or pot for house culture -----Per Bulb 35c

Silver Lace Vine—Foamy white sprays of flowers completely covering the plant in late summer and early fall. Easily grown, does well in sun or shade. Vigorous and hardy -----Strong Plants Each 75c

NEW BUDDLEIAS OR SUMMER LILACS

A favorite in shrub border, growing about 4 to 5 feet tall and continuously in bloom from mid-summer until frost. Can be used as cut flowers. Butterflies love this plant. You are missing a fine plant if you don't have it. Following are the best varieties:

Charming—Pink.

Concord—Red.

Dubonnet—Rich wine.

Eleanor—Blue.

Hartwegi—Lavender.

Ide-de-France—Reddish purple.

Luck—Lilac blue.

Orchid Beauty—Orchid.

Royal Red—New addition to the Buddleia collection. The closest approach to red yet achieved.

Each of the above 60c

Buddleia—Empire Blue—A distinct new variety of deep blue with a delicate lilac tone. One of the best to date. Very attractive -----Each 75c

Buddleia—White Bouquet—New, glistening white, fragrant flower spikes cover the plant all summer providing a source of cut flowers. Don't fail to try this one -----Each 75c

Evergreens

The following are baby evergreens and can be grown into specimen plants with a little care and culture. Buy several and watch them grow. You will have some beautiful evergreens for home planting in a few years at a very little cost.

ARBOR VITAE

America—Upright growing with the leaves of fan shaped structure -----9 to 12 inch Size 50c

Pyramidalis—Grows naturally tall and slender. Very popular in landscaping planting.

9 to 12 inch Size 60c, 3 for \$1.50

Globes—Dwarf growing type in a globe form. A much needed type with the other varieties.

8 to 10 inch Size 60c, 3 for \$1.50

Balsam Fir—This tree has a real value for growing as Christmas trees because of its fir fragrance and its characteristics for retaining their needles.

12 to 18 inch Size 75c, 3 for \$2.00

JUNIPERS

Phitzer—One of the best known spreading evergreens grown. A much needed variety with other plantings -----9 to 12 inch Size \$1.00

Irish—This Juniper is one of the slimmest evergreens growing. It is erect and slender with a blueish green color -----9 to 12 inch Size 60c

SPRUCE

Norway—This type of evergreen is the one most frequent grown for Christmas trees. Very hardy.

9 to 12 inch Size 60c

15 to 18 inch Plant \$1.00, 2 for \$1.75

YEW

Yews are the leading evergreen as it fills so many places that other evergreens will not do. Yews do well in sun or shade. They can be sheared and trimmed to a desired shape. Foliage is soft and compact growth.

Cuspidata—Low spreading type which is broader than in height -----8 to 12 inch Size \$1.00

Cuspidata Capitata—Upright growing tall with a broad base -----8 to 12 inch Size \$1.00

Media Hicksi—A decidedly upright forming a column type evergreen. Foliage of a very dark green. Slow growing and very compact --8 to 12 inch Size \$1.00

HEDGE

Red Leaf Barberry—This is an ideal plant for hedges or planted singly as a shrub. Can be used with evergreen plantings in landscape work. Bright red foliage in spring and summer deepening to a dark crimson in the fall with red berries that remain on the bush late in the winter after the foliage has dropped. Should have full sunshine.

Plants, size 10 to 15 inches, 20c

Green Leaf Barberry—Same as the above plant except the color remains a dark green all summer, changing to an orange red in the fall. Also has berries -----Plants, size 10 to 15 inches, 20c

GROUND COVERS

Pachysandra (Spurge)—The ideal evergreen ground cover for shady places. Grows about eight inches high. Great for places where grass will not grow.

Strong Plants Each 20c, 12 for \$2.00

Vinca (Myrtle)—Rapidly spreading evergreen vine than is suitable for banks or shady places. Also used a lot in cemeteries on graves. Has an intense blue flower -----Plants 15c, 12 for \$1.50

VINES

The following varieties of Clematis are the large flowering type that are suitable for lattice or trellis. They add beauty wherever planted.

Strong Potted Plants \$1.50 Each

Baron Veillard—Pink to lavender color.

Hemryi—Large clear white.

Jackmani—The most popular of the large flowering Clematis. Large velvety violet purple flowers. Vigorous grower.

Lawsoniana—Large flowering variety with overlapping petals. A beautiful blue flushed with mauve blended together making a rose purple color.

Mme. Edouard Andre—Bright rosy carmine with a wine cast. Very beautiful.

Ramona—Lovely light clear blue flowers. A color that is outstanding.

RUDBECKIA

The following two varieties are very popular perennials that are good for cut flowers.

Purpurea The King—Large star like crimson red flowers borne on stiff stems. Easily grown. Very effective as a garden plant or cut flowers.

Each 50c

White Lustre—White blooms borne freely on sturdy stems from late June to September. When the blooms first open, the petals grow upward; as the flowers approach maturity the petals flatten in true daisy like fashion. A very new perennial.

Each 75c

VEGETABLE PLANTS

With the need of food in the present time it's our duty as an individual to grow some vegetable for home use, at least. We have increased our vegetable plant quantities over last year's number. The following plants are from certified seed. Prices for all tomato plants as follows:

Potted Tomatoes \$1.35 per Doz.

Strong Transplanted 60c per Doz.

Plants out of Hotbeds, Not Transplanted 35c per Doz.
3 Doz. for \$1.00

Tomatoes—Firesteel—Considered the best all around tomatoe. Can be planted for early or late crop. Firm, solid and meaty. Dark crimson red all over at same time. It is a smooth globe shape, and ripens evenly. Hardly any small tomatoes. Individual tomatoes weigh from 12 to 15 oz. and are borne in clusters of three to five. As fine a flavored tomato we have ever eaten, free from acidity, fine for juice and unbeatable for slicing. This tomato is increasing in demand each year and will replace a lot of older varieties. Give this tomato a trial this year.

Greater Baltimore—The tomato that is used by canning factories.

Pritchard—Brilliant red fruit of the disease resistant variety. Fruit large, smooth and of globular form.

Rutgers—Drought and wilt resistant and has proved dependable cropper. First class for local marketing, canning or shipping. Slightly flattened globe, smooth, bright red and solid.

SWEET POTATOES

Golden Sweet—A new variety that is outstanding in the list of sweet potatoes. The color is a deep rich golden yellow with a slight pinkish cast, holding its color perfectly when cooked. It is neither extra dry or wet type like many other sweet potatoes. Slightly moist at any state of maturity. It produces a crop very early. We know when you have tried this potato you will be more than satisfied and will continue to use it. If you want the best try "Golden Sweet."

Plants 100 for \$1.50, 250 for \$3.00

Nancy Hall—Yellow in color tinged with salmon, medium to large. Holds its color when baked. A good producer ----Plants per 100 \$1.25; 250 \$2.50

Nancy Gold—A new strain of the above variety with a superior orange colored flesh. Much in demand.
Plants per 100 \$1.35; 200 \$2.50

Porto Rico—Light rose to rose color skin with flesh orange color. This is a popular market variety.

Plants 100 \$1.25; 250 for \$2.50

Priestly—Much the same good quality as Yellow Jersey. Skin light yellow and very dry and mealy when baked. It is uniformly smooth, short and plump. A good keeper. This is highly recommended and would like for you to try some of these plants for comparison.

Plants per 100 \$1.35; 200 for \$2.50

Pride Of Kansas—A new variety that meets with approval. Dark russet yellow in color, smooth and regular. Flesh salmon color. Medium dry and mealy. Very sweet.

Plants per 100 \$1.50; 250 for \$3.00

Red Jersey—Small to medium in size. Skin red while the flesh is yellow. When baked very dry and mealy and fairly sweet. Much the same quality as the Yellow Jersey.

Plants per 100 \$1.25; 250 for \$2.50

Yellow Jersey—An old standard variety that has been grown for a number of years. A good keeper. Small to medium in size. Very dry and fairly sweet when baked.

Plants per 100 \$1.25; 250 for \$2.50

We pride ourselves in the variety of Sweet Potatoes we can offer. Last year we could not fill all our orders, but have increased our planting this year where we feel reasonably sure we can furnish the demand. All stock are from certified seed and sent to you post paid.

1947 Honor Roll Dahlias

The following are this year's Honor Roll Dahlias which have made their records in 1946 Trial Gardens and Show Rooms. They will be the leading Dahlias in 1947 Shows. Don't fail to try as many as you can.

Bill Jack (S. C.)—White color with a faint touch of yellow at center the same as Michigan White. Profuse bloomer with flowers 8 to 9 inch size. On Honor Rolls -----Plants \$5.00 net

Clara Hook (St. C.)—Penard yellow with slight shades of peach red, lighter yellow at center. Foliage dark green and healthy. Can be an excellent cut flower. Profuse bloomer. On three Honor Rolls -----Plants \$7.50
